

"SEPTIC TO SEWER" TOWN HALL MEETING

WEDNESDAY, MARCH 20TH AT 6PM

Fall River Valley Community Services District (FRVCSD) is examining a substantial wastewater collection project that would extend municipal sewer service to the community of McArthur and several properties along the Highway 299 corridor between Fall River Mills and McArthur, CA, including properties adjacent to Little Lakes Drive in Fall River.

State programs received an influx of monies to promote septic-to-sewer projects for small rural communities at ***no installation cost to homeowners.***
